

WRECK DIVER SPECIALTY

Whether purpose-sunk as an artificial reef for scuba divers, or lost as the result of an accident, wrecks are fascinating windows to the past. Ships, airplanes, and even cars are fascinating to explore and usually teem with aquatic life. Each wreck dive offers a chance for discovery, potentially unlocking a mystery or spying something others have missed. The PADI Wreck Diver Specialty course is popular because it offers rewarding adventures while observing responsible wreck diving practices.

Who should take this course?

- Be at least 15 years of age or older.
- Have a PADI Advanced Open Water Diver certification (or have a qualifying certification from another organization).

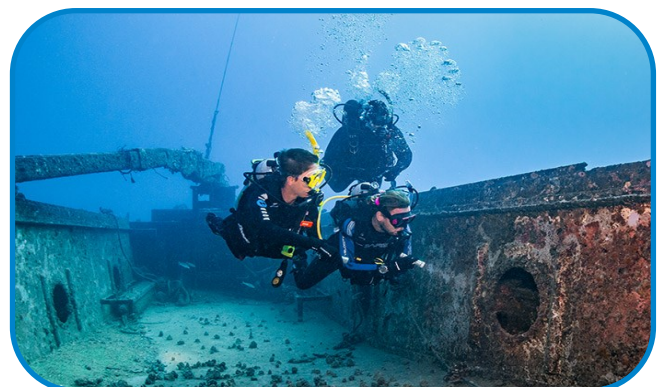

What will I learn?

- Safety considerations for navigating and exploring wrecks.
- Surveying and mapping a wreck.
- Using penetration lines and reels to guide exploration.
- Techniques to avoid kicking up silt or disturbing the wreck and its inhabitants.

What will I need?

- Basic scuba gear, including a dive computer.
- All PADI required course materials.
- Dive light.
- Dive slate.
- Underwater compass.
- Line and reel.
